

SEAS MISSISSIPPI

EDUCATIONAL CONFERENCE

Join us for a state-wide general & special education conference.

June 15-16, 2017
Jackson, MS

SEAS Education is hosting this year's SEAS Mississippi Educational Conference in Jackson, MS. We hope you'll join us for great sessions covering a wide range of topics and SEAS training session, all for professional development credits.

SCHEDULE

Thursday, June 15 SEAS Training Day

This day is dedicated to our SEAS users in Mississippi districts. Training sessions are available for staff and administrators using the SEAS IEP or Achieve program.

Friday, June 16 Sessions Day

The session day will offer numerous breakout sessions covering a wide range of topics, plus our keynote presentation from Jody Fuller. Anyone is welcome to attend!

SESSIONS WE'RE EXCITED ABOUT

Presented by staff from the MS Department of Education

- **IEPs That Lead to Improved Student Outcome**

In this session the presenter will share information regarding IEP development and implementation based on student data.

- **Assistive Technology**

This session will provide an overview of students with Autism and the challenges they face. It will also provide participants with strategies for facing those challenges and promoting success in the classroom.

- **Morphology in the Middle Grades**

Participants will explore aspects of word structure and word study as a means of teaching vocabulary in regard to improving listening, speaking, reading, and writing skills.
